## List of Online Resources Department of Trade and Industry

- **Micro, Small and Medium Enterprise Development Plan 2017-2022**  
It is the sectoral plan for the growth and advancement of the MSME sector. It was developed in consultation with various stakeholders from the private sector, academia, and government agencies. It is aligned with the Philippine government's goal of boosting employment, business, and livelihood or "Trabaho, Negosyo, Kabuhayan" translating to "Malasakit", "Pagbabago", at "Patuloy na Pag-unlad" of the Philippine Development Plan (PDP) 2017-2022.
- **Micro, Small, and Medium Enterprise Development (MSMED) Plan 2011-2016**  
It aims to promote, support, strengthen, and encourage the growth and development of Micro, Small, and Medium Enterprises (MSMEs) in all productive sectors of the economy. The plan serves as the framework for the convergence of initiatives adopted and implemented by multi-stakeholders towards the growth and development of the MSME sector in the country.
- **SME Development Plan 2004-2010**  
It presents the integrated efforts to strengthen and stimulate the micro, small, and medium enterprise (MSME) sector so it can contribute significantly to the country's development. This Plan aims to make the sector a key factor in the country's economic growth by 2010. The plan is designed to be carried out in three stages: roll-out, assessment of interim results, and re-programmed implementation. It projects to increase the MSME sector's gross value-added contribution to 40% of aggregate by 2010.
